

BOURNEMOUTH Ch Show

LARGE MUNSTERLANDER

Ten entries and four absent, hardly made it a 'representative entry' for this long established, good looking breed. I would like to thank those who made the effort in the busy show season to support me with NO CCs on offer. Also mixed classes are not an incentive for exhibitors to support. Something to take up with the organisers in the future I would suggest.

JD/B (3, 1) 1 Stevens & Hargreaves' Ghyllbeck Fringilla. **BOB**. Excellent bone and substance with good feet strong broad quarters, good head and eye with correct ear carriage and placement. Tail carriage too high, but overall her type and quality carried the day. 2 Caile's Kamaze Cosmic Diamond. Type and quality, pleasing. More substance would be to advantage, eye could be darker.

PGD/B (4, 2) 1 Weare's Kamaze Revolution. Lovely quality all through. Good eye, legs and feet. Pins a little in front. More substance for a male. **Best Dog**

OD (1) 1 Disney & Whiting's Wonglepong Will's Faramir. Much to like. Strong dog, excellent substance, good bone, legs and feet. Front action could have been better. Res BD

OB (2, 1) 1 Leeming's Ashlowrick Ladies Day At Iscadu. Res Best Bitch. Good outline, excellent quality, eye could be darker. Pleasing example of the breed although more substance would be to advantage.
