SOUTH WALES KENNEL ASSOCIATION

CHAMPIONSHIP SHOW – 11.10.2015

LARGE MUNSTERLANDER

Junior Dog (1,0a) 1st Lloyd & Smith's Crumpsbrook Bayleaf Von Rulander. Young man of good quality and balance throughout. Good shape to skull with alert, biddable expression and attitude. Developing well in bone and musculature. Well ribbed and correct topline, maintained on the move. Although a touch weak in the hocks, he moved out well and true on strong tight feet. Altogether a pleasing example of the breed. **Post Graduate Dog** (2,0a) 1st Siddons' Fulaluv Beyond Belief. Presented in excellent condition, this developing gentleman has a good attitude and ideal temperament. Just wants to please. Correct shape to skull and clean dentition. Strong, clean neck leading well into forehead. Good spring to ribs and strong over loin. Moved out with drive, although I would prefer a more typical topline and greater strength in the hocks. Reserve Best Dog. 2nd Day's Raycris Constantin At Alfriston. Although somewhat heavy in headpiece for me, this dog has a kind, enthusiastic temperament with attractive dark eye. Strong neck and well ribbed. Well developed bone and muscle. However, on the move he lacks strength in hocks and pasterns, which sadly detracts from a free flowing action. **Open Dog** (2,0a) 1st Lloyd & Smith's Ch Paddockridge Rulander. Excellent example of the breed and in tip top condition. Correct shape and breadth to skull, with kind alert expression and attitude. Well placed ears and correct, clean dentition. Strong clean neck leading to developed sprung ribcage allowing plenty of heartroom. Good balance between front and rear assemblies proving the ideal symmetry to enable an effortless action when on the move. Covered the maximum ground with the minimum effort. Straight coming, going and from the side, although could perhaps be just a touch stronger in hocks. His tight feet complete the picture. Best Dog and BOB. 2nd Day's Raycris New Attraction At Alfriston. Biddable gentleman in fair overall condition. Good shape to skull and well sprung ribcage, although just a touch over wide in front for me, which affected his stride and forward reach somewhat. Good balance between front and rear. Hocks could be stronger. **Post Graduate Bitch** (3,0a) 1st Griffiths' Jaudas Foxey Lady. Elegant bitch in excellent overall condition. Good shape to skull with biddable attitude. Well ribbed and short coupled with good strength over loin. Under line could be better for me. However, she moved out with good style and covered the ground well. Best Bitch. 2nd Saban's Seahaven Bouquet Of Roses. Another fair example with good attitude. Kind expression and wanted to please. Well ribbed and good strength in coupling and loin. Well boned throughout. Moved straight on strong feet, although hocks could be stronger. 3rd Black's Paddockridge Madelaine At Seahaven. **Open Bitch** (3,0a) 1st Griffiths' Jaudas Foxey Lady. See Post Graduate Bitch. 2nd Leeming's Ashlowrick Ladies Day At Iscadu. Quality lady in good overall condition and presented well. Good skull shape and earset. Kind expression. Strong clean neck leading well into forehead. Well sprung ribcage of correct depth. Well balanced between front and rear assemblies and moved out well on good strong feet. Not quite the topline of winner but otherwise a good example. Reserve Best Bitch. 3rd Black's Paddockridge Madelaine At Seahaven.
