

SKC (MAY) CH SHOW 15 - Large Munsterlanders

Large Munsterlanders

LD (1) 1 Murdoch's Celtaur Loch Glashan, well balanced, excellent type all through & in really hard muscular condition. Excellent head & expression, good bone & feet, well ribbed, goes away a little close but moves true in front & has a free & easy profile with excellent tail carriage. CC, his second apparently & should easily gain his third. Not quite as well finished as his litter sister which is why she beat him for BOB. **OD** (4) 1 Hewitt's Brockchime Be A Betta Boy, mature, well bodied & basically well constructed. Quality head, mild expression, strong bone, neat feet, slightly long coupled & could use a little more rear angulation. Goes around steadily, a little close behind & tail carriage a little high. RCC; 2 Logie's Albadhu Paws For Perfection, pleased in head type but not quite as shapely as 1 or as clean in front. Basically well balanced, again more rear angulation would help; 3 MacGregor's Jaudas Fame And Glory.

JB (2) 1 Hargeaves' Ghyll Beck Uut't Vossebeltseveld, 14 months, beautiful head so well moulded with kind dark eye & enchanting expression, well put together with quality bone, tight feet, well sprung ribs & firm level backline. Could be a little better let down behind but still moves with freedom & drive though needs to tighten in front. On the go-around reminded me so much of her sire for whom I have the greatest admiration. RCC; 2 Logie & Braidwood's Afton Z Lesa Habruvky at Albadhu, again 14 months, not quite the head of 1 as she lacks finish of foreface, a little fine in bone but has a balanced profile & moved reasonably well. **PGB** (3) 1 Gray & Uherkovichova's Franorst Lady Pamela, well balanced outline, quality head of good type, moderately angulated, nicely ribbed & holds her topline well. Could be stronger behind; 2 Logie & Braidwood's Albadhu Rainbow Of Love, lower stationed with pleasant head, well ribbed, good basic proportions, moves rather generously in front & close behind; 3 Hewitt's Brockchime Luna. **LB** (2) 1 Williamson's Celtaur Loose Gossip, quality all through with lovely headpiece, kind expression, immaculate front, excellent rib & topline, moderate angulation, really uses what she has on the move going with a free open side gait & very true in front. Fit & hard, won CC on her excellent carriage & movement & BOB over her litter brother on her overall finish; 2 Patrick & Seamons' Ashlowrick Amazing Grace, typical outline, pleasing head, set up looked well balanced if rather straight behind. Moves very wide in front & close behind. **OB** (1) 1 Patrick & Seamons' Sh Ch Ashlowrick Satin Flower, fully mature, very well bodied, excellent type all through with correctly balanced head & optimum angulation. Moves well behind but rather wide in front, goes around easily.
