

# MANCHESTER CH SHOW 15 - Large Munsterlanders

## Large Munsterlanders

**PD** (4) 1 Dowden & Raggett's Chontelle Summer Solstice, broad skull & dark eyes on this well grown youngster. Well balanced all through, pleasing in forehand assembly, strong topline, good legs & feet. Body strong, ribs well developed, appropriate angulation & hindquarters. Slightly proud of his tail but he moved really well with true action. BP; 2 Davis-Green's Jaudas Ink Spot, pleasing baby who was giving a lot away in maturity. Balanced head & expression into clean neck. Would like to see a little more depth & spring to body but he has plenty of time to develop. Adequate bend of stifle, tidy feet & moved well; 3 Daley's Jaudas I Believe. **JD** (3,1a) 1 Siddons' Fulaluv Beyond Belief, pleasing head & expression into good forehand. Nice overall balance & outline. Needs to drop a touch in brisket still but he has a good straight front with tight feet & good bone. A tidy mover with a long stride, he shows promise; 2 Tordoff's Crumpsbrook Rather Gallant, another exhibit with good overall balance. Again has correct bone & feet but needs to tidy up his front movement. His handler took a nasty tumble in the ring but this did not unsettle the dog & both finished showing. I hope you have recovered with no ill effects. **PGD** (2) 1 Marshall's Crumpsbrook Apfel & 2 Davis-Green's Crumpsbrook Mispel. Two litter brothers, both with typical heads & expressions, nice dark eyes & well set ears. Reasonable body proportions & ribbing with good bone & feet. 1 has a better depth of chest & slightly better front movement. 2 needs more angulation to hindquarters. **OD** (3) A lovely trio. 1 Legg's Raycris My Kinda Guy, mature, robust male with pleasing well proportioned head & kind expression. Strong neck into well laid shoulders. Good firm topline, straight front, good bone & feet, well ribbed body, deep chest, strong loin, muscular quarters, hocks well let down giving good drive & a clean springy gait showing strong positive movement. BD; 2 Taylor's Ichbin Jester of Tattay, another attractive well proportioned male with pleasing head, strong neck & good lay of shoulder. Deep in chest, lovely bone & feet, well ribbed & firm loin. He still has some maturing to do but will finish up well. Moved stylishly driving from low set hocks & pressed 1 all the way. RBD; 3 James' Paddockridge Ortega.

**PB** (2) 1 O'Connell's Jaudas Ice Fairy, just a baby & still very immature but she has a very sweet head & expression. Pleasing lay of shoulder & good width to the chest with straight front, good bone & neat feet. Stacked she tended to suck her neck in but when she moved her well balanced profile showed a good length of neck as she relaxed. Moved well; 2 James' Crumpsbrook Angelica, pleasing for type & shows promise but her handler kept spinning her around & she became very unbalanced. Needs ringcraft to bring out the best in her & then could do well. Be patient, she will come. **JB** (2,1) 1 Horan's Fulaluv Beyond Besotted, correct type of bitch with pretty head. Good neck & lay of shoulder, straight front, firm in topline but still needs to develop in body, however she has plenty of time.

Hindquarters are strong with low set hocks, nice tailset & carriage. She moved well. **PGB** (3,2) 1 Butler's Ichbin Jaunty of Jendellas, this 2 years old bitch stood alone but she is all quality. Good head & eye shape, clean strong neck into well laid shoulders & tidy front assembly. Stands on firm feet. Deep in chest with good width & a firm topline. Hindquarters are well muscled & show pleasing angulation. Correct tailset, nice low hocks which she used well on the move & her positive action secured RBB. **OB** (4) 1 Ogle & Butler's Sh Ch Raycris Freya, this top quality bitch is a lovely make & shape, feminine & balanced all through, she fits the Standard so well. Stylish with attractive head & dark eye, strong slightly arched neck, deep chest, shoulders well laid, strong back, super muscular quarters with well turned stifles & hocks well let down. Presented in grand coat & muscletone, she moved effortlessly showing an accurate, long springy stride & could not be denied BB & BOB; 2 Horan's Fulaluv Awaited Arrival, another attractive bitch of lovely type with pleasing head & balanced outline. Well made right through, she moved with an accurate footfall. Today she was carrying too much weight over the ribs & this caused her action to roll somewhat.

**LIZ HARPER**
