

The Large Munsterlander Club

Update from the LMC Committee following the Special General Meeting Sunday 12th November 2023

The full draft minutes from the above meeting will be posted on the LMC website once agreed initially by the LMC Committee. The minutes will then be presented for approval by the membership at the next AGM in 2024.

In the meantime, here is a very brief update from the SGM this last Sunday.

Overall, the meeting went very well, with many attendees commenting on it being very successful (and better than expected). There were 40 voting members present, with 12 in person and 28 attending by Zoom. This must be one of the larger turnouts for a General Meeting, and a very positive endorsement to enabling members to attend and vote online. We had a few minor technical matters to deal with, but all good learning points for the future. The meeting did last a long time, but that was inevitable given the volume of votes and scope for discussion across such a big meeting. Indeed, the discussions were very productive and helpful with several further improvements to the proposed rules being recommended. The integration of the discussions between people meeting in person and online also appeared to work very well.

The voting outcome was very clear and consistent across all seventeen proposals. All proposals were carried with a clear majority ranging from 83% in favour to 100% in favour. The “New Rules” will now be sent on to the Royal Kennel Club for their review and ratification, and until they are formally ratified our Current Rules stand.

The committee would like to thank all the members for taking time out for this meeting, participating and sharing their views, and supporting the club to move forwards.
