

Large Munsterlander Club Show

4 June 2022

Judge: Carolynne Trowsdale

Thank you to the exhibitors today for entering under me and for the sporting ringside atmosphere. I hope that the class winners and top honours liked their commemorative glass coasters and trophies which I provided for the show.

I would also like to thank my stewards Dennis and Sarah without who this show would not have run.

Our breed standard calls for an energetic dog having good movement with drive, head should be elongated with a dark eye, with a straight front and well angulated front and rear.

Some dogs today had light eyes and lacked rear angulation and had wide fronts which on the day affected the overall movement of the dogs.

No matter what happened on the day you take the best dog home.

MPD (2) Two nice puppies that could change places on another day 1 Siddons A Foxy Gozer Uut't Vossebeltseveld(imp)8-month-old puppy lovely type, good head with dark eyes strong neck into well laid shoulder deep brisket and well angulated on rear needs time to body up and fill his frame, moved well for a baby.
